All figures as of 31 March 2018.

* 2017 figures have been restated for IFRS 15 and IFRS 9, which we applied since January 2018

** We have also applied IFRS16 from Jan 1, 2018, giving rise to new assets and liabilities for our operating leases as of January 1, 2018 and consequently impacting the recognition of operating lease costs in the P&L. 2017 figures are not impacted for the application of this standard.

*** Passengers boarded (PB): actual passengers boarded onto flights operated by airlines using at least Amadeus Altéa Reservation and Inventory modules or Navitaire's New Skies solution.
